1. entrar a <http://www.umapper.com/> y Registrarse en el botón **Sign Up**.

The screenshot shows the UMapper website interface. At the top is a navigation bar with the UMapper logo (a blue 'U' with a speech bubble) and the word 'MAPPER' in large letters, with 'BETA' in smaller text below the 'U'. To the right of the logo are two buttons: 'Create Map' and 'Explore'. Further right are 'Sign Up' and 'Login' buttons. Below the navigation bar, the main content area is divided into several sections. On the left, there's a 'USA States Trivia' game preview featuring a map of the United States and a 'Play' button. The text says 'Click play button below to start the game', 'Test your knowledge of the United States, place state locations on the map.', and 'Speed counts, click as fast as you can.' To the right of the game preview is a large blue button that says 'Start Mapping!' with the text 'Get going without signing up!' below it. Below this is a section titled 'Create embeddable Flash maps.' with a 'Show me how' link and a play button icon. Underneath are logos for 'As seen on' including TechCrunch, Mashable, and O'Reilly radar. Below these is a section titled 'Some of UMapper users:' followed by logos for National Geographic, StarTribune.com, USA TODAY.com, gazetteonline, roanoke.com, and TheUnion.com. At the bottom, there are three columns. The first column is titled 'What is UMapper?' and describes the platform's purpose: 'UMapper makes it easy to create, manage, distribute and monetize online maps.' It then lists 'With UMapper you can:' followed by three bullet points: 'Create interactive maps and geogames', 'Distribute across multiple destinations', and 'Track detailed usage'. The second column is titled 'Our Products' and lists three options: 'UMapper Basic - Learn more (Free)', 'UMapper Premium - Learn more', and 'UMapper White Label - Learn more'. Below this is a section titled 'Developer APIs' with two links: 'UMapper API - Sign up for Free' and 'UMap API - Learn more'. The third column features a 'NEW' badge and a section titled 'Create Geogames with UMapper' with a sub-header 'GeoDart Games - Are You Game?' and the date 'July 06, 2013'. The text describes GeoDart as a geography trivia game where users can create or answer questions by placing locations (darts) on the map. It ends with a 'View All' link.

The screenshot displays the UMapper website interface. At the top, there's a navigation bar with links for 'Create Map', 'Explore', and 'My Maps', along with a user greeting 'Welcome, LinaSala' and a 'Logout' button. The main heading is 'Mapa de Sevilla', with a description 'Descripción acerca de los mapas, realizados en el taller'. It shows 'Places: 2' and 'Views: 0', and is attributed to 'LinaSala on September 25, 2013'. The map itself shows a grid of streets in Sevilla, with a yellow line indicating a route. Map controls include a zoom slider on the left and style buttons (Map, Satellite, Hybrid, Terrain) on the right. Below the map, there are links for 'LINK', 'EMBED', 'EMAIL', and 'TWEET'. The 'Share' section includes a Facebook share button and a 'GET KML' link. The 'Embed' section provides an 'Embed' button, a 'URL' field with the map's URL, and an 'HTML5 Google Maps Embed *Beta' section with an embed code and a 'Resize and Embed' button. There is also an 'Add Your Comment' section with a text box and an 'Add Comment' button. On the right side, there's a 'More From: LinaSala | View profile' section and an 'Ads' section featuring an advertisement for 'hotelesdespegar.com' showing a hotel in Cartagena for \$66,000.
