

INTERNATIONAL EXPERIENCES

Studies at Tulane University in United States

Before the beginning of the second semester, our students spend two weeks in New Orleans, United States, where they take the following courses taught by Tulane faculty: Managing People Globally, Leadership and Ethics, Global Business Simulation Project, and New Venture Creation.

They also visit companies and attend lectures on business trends.

Studies in France and China

At the end of their second year, students travel for two weeks to Paris and Beijing to take courses like Topics in International Management and Cross Cultural Management.

Students also visit companies, institutions, and Colombia's diplomatic delegations.

Travel expenses are borne by students, who are responsible for taking care of their visa application procedures. Universidad Icesi provides assistance with the visa application procedures, but it does not guarantee that the visa will be issued.
