

R\_LinearStatistic

```
graph LR; R_LinearStatistic --> C_LinearStatistic; R_LinearStatistic --> ncol; R_LinearStatistic --> nrow;
```

A diagram illustrating the relationships between R\_LinearStatistic and its associated components. R\_LinearStatistic is shown in a black box on the left, with three arrows pointing to C\_LinearStatistic, ncol, and nrow on the right. C\_LinearStatistic is in a white box at the top right, ncol is in a white box in the middle right, and nrow is in a white box at the bottom right.
